

**RS Xperience**  
where driving passion meets the road

**RSX Sports Car Rally Series /  
Spring Mountain Rally**  
**APRIL 15-19 2021**

## *Camaraderie*

Our Spring Mountain Rally is an unparalleled, adrenaline-fueled opportunity for performance car owners to put their driving skills safely to the test.

Beyond the meticulous planning and professional performance driving tips, the compelling camaraderie is what sets RS Xperience apart!

## *The Smoky Mountains, and beyond...*

Spearheaded by our skilled self-driving specialist and CEO - Andy Papa - our spirited spring series starts on April 15 2021.

From our carefully curated routes and undiscovered vantage points, to the friendships formed and performance driving expertise, our adventure-fueled rally is an unforgettable sports car experience.

Regardless of your ability, feeling the rush on the road is instantly gratifying and addictive! Equally and perhaps more significantly, Andy knows the mountains like the back of his hand.

**Event costs: \$4,400  
(price is based 2 per vehicle)\***

*\*plus applicable tax*

## *Three days of real driving*

In a spectacular four-day sweep limited to eight drivers, our Spring Mountain Rally covers over 700 miles in The Smoky Mountains - otherwise known as the origin of our rallies.

Setting off from the shores of Lake Santeetlah, drivers spend three days powering through the region in a slick segue. We take the scenic routes, driving a host of epic roads and experiencing some breathtaking scenery.

Highlights of the roadtrip include Fontana Dam, Tail of the Dragon, Foothills Parkway, Cherohala Skyway, The Blue Ridge Parkway, Wolf Pen Gap, Brasstown Bald and other surprises.

All mornings begin with an early breakfast to fuel a full-day's driving and the evenings are spent sharing team spirit, drinks and flavorsome cuisine.

## *Ultimate sports car experience*

Accredited to Andy's unyielding passion for masterful engineering - our events are open to owners of late model badged sports and performance cars.

Each day includes the use of long-range walkie talkies, in-car action cameras with personalized video, an on-site photographer, lunch and snacks throughout the day, drinks, dinner and accommodation.

## *It's in our DNA*

Tellingly, our CEO and self-professed sports car fanatic - Andy Papa - has participated in high-performance driving for over a decade and covered over 10,000 miles of driving in The Great Smoky Mountains, alone.

Famed for his effortless piloting, unfaltering passion for sports car experiences, practical techniques and discovering hidden gems, Andy is the ultimate lead-car performance guide.

*Are you ready to get gritty?  
To join our exclusive group of passionate  
drivers in our 2021 Spring Mountain Rally:  
Book today at [www.rsxperience.com](http://www.rsxperience.com)*

“ Your trips have it all; great camaraderie, wonderful accommodation, and of course the daily drives. Your Intimate knowledge of the area shows in the many beautiful and exciting routes you have selected. It was so much fun following you on these thrilling mountain roads. ”

*Wayne B*
